

PROGRAMMING, September 2014 - March 2015

*The timing of the plan remains tentative, depending on permits for placing the portable buildings and for allowing public use of the buildings.

***During the summer, Wednesday evenings will begin on July 2 and take place in the outdoor classroom, and workshops will be held at the Siskiyou House. The month of June is planned for moving and the only regular event will be Sunday morning service at Jason Lee Elementary.**

* There will be no disciple potlucks during the summer.

*All events are listed; apparent conflicts are because events occur on different days.

*Men's Group is currently meeting in a private space and planning to remain there.

*Dharma Study groups may be able to use a vacant time or can find private space.

*Beginners' retreats will be held as day-long events.

*Segaki will be done as a vigil without overnight stays.

*Rohatsu will be held at Great Vow.
