Mission and Vision

Dharma Rain's mission is to transmit the teachings and practice of Soto Zen Buddhism, by cultivating compassion, love and wisdom.

We are a Soto Zen sangha sharing the practices of zazen meditation, mindfulness, reflection and ethical living. We seek to relieve suffering by the skillful use of Buddhist teachings and the generous acceptance of all beings. We honor the ancestors and traditions of the past while we adapt to the needs of current practitioners and future generations. Our shared intention is to cultivate authenticity and integrity in our own lives and the larger community in which we live. Our hope is to engage in wise and compassionate activity for the benefit of all beings.

Dharma Garden Programs

Frog Song Montessori Preschool

- Frog Song continues to be a very successful program, thanks to our skilled and enthusiastic staff. We have a full class of 15 children, with a lengthy wait list.

Dharma School

- After a Covid hiatus, we offered a cautious start for the 2022 Spring Term: we met together for "Dharma School in the Barn", with all the doors open for lots of ventilation. Our theme was, appropriately, "Coming Together," and we appreciated being able to do that.
- This fall we offered a full program, from preschool to high school, along with a Parents' Group. Our theme is the Three Refuges.
- **Dharma Camp** also started up again this summer with the usual camp activities and favorites like Hunt-a-Monk and Enlightenment Games. It was great to come together in person again for overnight camp.

Community Engagement

Dharma Rain's site connects us to a variety of projects and organizations, offering the opportunity to contribute to the community and the planet from our position in the matrix.

- Partnerships with educational and non-profit organizations focused on providing youth with ecology-focused, hands-on learning. A few of these organizations include McDaniel High School, Portland Community College, Multnomah Education Service District, SoilMates and NW Youth Corps.
- A committee is investigating the possibility of allocating a parcel of Dharma Rain's site for a tiny-house village for the houseless, potentially to be followed with an affordable housing development. The committee is trying to ensure that populations served are a good fit with our mission, programs and use of the site.
- Members of the Board attend meetings of the 82nd Avenue Improvement Coalition, which seeks to make the communities east of 82nd Avenue more walkable and livable with better access to affordable housing.
- Dharma Rain was approved for a grant to install solar panels on the roof of the trash enclosure.
